

THE SAN RAMON EAGLE

Bringing Brian Keith's Vision to Life in the San Ramon Community

In Fall 2018, the City of San Ramon commissioned nationally recognized artist Brian Keith to create a 13' bronze sculpture of an eagle at Rancho San Ramon Park and provided start-up funding to begin the project.

The Eagle, as conceived by the artist, is posed in a majestic protection stance, bridging old and new communities in San Ramon, honoring the City's commitment to freedom, open space and natural wildlife.

In 2019, start-up funding from the City of San Ramon and generous donations from benefactor Fred Bruning provided 50% of the funding to bring the Eagle to San Ramon.

In 2020 and 2021, a projected \$115,000 will be needed to place the Eagle in its final perch at Rancho San Ramon Community Park. The dedication ceremony is expected in mid-late 2021.

Your dollars will cover the cost of artist renderings, engineering, design, bronze casting, welding, transportation, delivery and installation of the sculpture - the largest bronze eagle in the State of California.

A variety of sponsorship and community giving opportunities and associated benefits are available.

Live videos of the making of the Eagle are available at the following link --
